

Your Business Deserves Concierge Care

The Concierge Care team is here for one purpose: to assist select commercial clients with prompt, efficient attention to your company's cash management functions. We understand your time is valuable. When you need a question answered or an issue addressed, you want prompt access to someone who understands your situation and can deliver solutions.

With Concierge Care you have convenient access to an experienced team of bankers with both technical expertise and the ability to introduce you to customized solutions for your business. Concierge Care consultants are available to meet your needs promptly and efficiently because our sole mission is to serve commercial clients like you.

Concierge Care can assist you with:

- Online Cash Management
- Payroll and other ACH transactions
- Wire transfers
- Xpress Deposit functions
- General maintenance requests
- Plus other commercial banking services available through State Bank
